EXPERIENCE

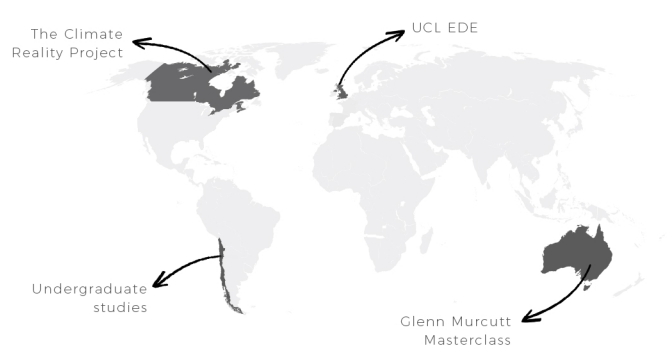

- ENVIRONMENTAL DESIGN CONSULTANT**
EA Buildings | Oct 18 - Present
Environmental consulting for architecture and construction projects. Environmental analysis services, energy simulations, thermal/daylighting studies and environmental certifications.
- CONSULTING ARCHITECT**
Arquitectura Inteligente | Jul 17 - Oct 18
Independent architect performing sustainability and energy efficiency analyses for small-scale architecture projects.
- HEAD PROFESSOR**
Universidad Andrés Bello | Mar 17 - Aug 19
Main professor for the 'Environment & Sustainability' module, taught to undergraduate architecture students.
- ENERGY EFFICIENCY CONSULTANT**
Efizity Ingeniería | Mar 14 - Apr 17
In charge of leading energy efficiency consulting projects, building performance simulations and daylight studies, among other tasks.

EDUCATION

- MSc BUILT ENVIRONMENT: ENVIRONMENTAL DESIGN & ENGINEERING**
University College London | 2019 - 2020
Leading-edge programme focused on sustainable building design and environmental engineering.
- GLENN MURCUTT MASTER CLASS**
Architecture Foundation Australia | 2017
Sustainable design and architecture workshop with the renowned architect Glenn Murcutt, winner of the Pritzker Prize 2002. (136 academic hours).
- SUSTAINABLE ARCHITECTURE DIPLOMA**
Pontificia Universidad Católica | 2016
Programme focused on the design and development of sustainable projects throughout passive strategies. (102 academic hours).
- MASTER'S DEGREE IN ARCHITECTURE & ENERGY EFFICIENCY**
Universidad Andrés Bello | 2008 - 2014
Valedictorian award, given to the student with best academic performance during the programme.

PROFESSIONAL SKILLS

Additional to the presented curriculum, I have been involved in diverse international experiences that have allowed me to develop important soft skills.

EXPERTISE

- Environmental consultancy
- Building Performance Simulation
- Green building certification systems
- Integrated Design Process
- Climate Change

SOFTWARE SKILLS
